

# Business Plan

Shubhora Digital V-Card - partner programme

This is a sample document.

The card owner replaces this file with the official written plan.

The official document is the only place the plan is stated. It carries the joining amount, the pair value, the daily capping, the reward conditions, the payout schedule and the terms of the agreement.

Ask for it before you decide anything, and read it yourself.

Nobody can tell you what you will earn. Anyone who gives you a number is guessing, or selling.

To replace this file: open your card, go to the Business page, tap the PDF section and upload the official plan document.

Sample document - not the official plan.
